THE ECONOMIC CLUB

OF PITTSBURGH
(FOUNDED 1910)

The Future of Energy Policy in the Wake of Political Change

It is clear that a change in the Congressional approach to energy issues has arrived. Many are beginning to wonder what Democratic control of the House and Senate will mean for the average American and the future of energy policy during a time when energy prices have soared and uncertainty abounds.

WHO: Dr. John Felmy
*Chief Economist and Director of American Petroleum
Institute's Statistics Department*
